A close-up photograph of a computer keyboard. The central focus is a large, rectangular blue key with the words "Thank You!" printed in a white, sans-serif font. Surrounding this key are several standard white keyboard keys. To the left, a key with a hyphen/underscore symbol is visible. Above the blue key, there are keys with curly braces and a key with a tilde/underscore symbol. To the right, a key with a tilde/underscore symbol and a key with a right-pointing arrow are partially visible. Below the blue key, an "alt" key is partially visible on the left, and a large, empty white key is on the right. The lighting is soft, creating subtle shadows and highlights on the keys' surfaces.

Thank You!
